Dear Gill,

Re: Bristol Free School Consultation

I write further to my letter of 31st May.

Last Monday, the Directors of RET considered carefully your letter of 8th May and arguments for Brentry Park to be included in Bristol Free School's Admission Priority Area (APA).

However, they endorsed the recommendation of the Local Governing Body that no changes to the APA for this School be considered or consulted on at present.

I am sorry if this is disappointing news and I hope that nonetheless the School will still continue to enjoy a good relationship with your organisation and with the residents of Brentry Park.

Yours sincerely
